Buying a car such as a Mercedes can be a hard decision as there are lots of engine sizes and models to consider. That is why I visited Stebbings who stock a huge choice of [used cars in Kings Lynn](#)

All models can be test driven from A Class to CLK Coupes and you may even be tempted to part exchange your car for a Jaguar or BMW instead! I searched for used cars in Fakenham and used cars in Norwich but Stebbings certainly had the biggest selection of used cars. It was well worth the drive here to visit this car dealer.
